Introduction to PORTAL and PEC

Questions

1. Tell us about yourself and discuss how you have been an advocate for yourself as a patient/family member, or for others.

2. Tell us what patient engagement means to you.

3. Why is patient engagement important in healthcare research?

4. Do you feel comfortable giving written feedback?

5. Are you comfortable speaking in a public forum or making a presentation?

6. Are you able to commit to the time required for PEC activities?

7. Have you ever been involved in a research protocol or trials?

8. How have you handled situations in the past where someone’s background or values were different than yours?

9. Why would you like to be involved in the PEC?

10. Aside from your patient experience, what skills do you bring to the PEC?

11. Do you have current or potential conflicts of interests related to your work on the council?
